

WCHS BOOSTER CLUB ACCOMPLISHMENTS

The Churchill Booster Club exists to support all teams and the entire athletic program at Winston Churchill High School. Our Booster Club has three primary goals: raise funds to assist the athletic program, increase school spirit and encourage good sportsmanship among our athletes, coaches and fans. We are a service and support organization and we work in harmony with WCHS and its athletic program.

In addition to holding and overseeing numerous fundraising activities during the year, the Churchill Boosters also provide game concessions, news and updates on our sports and athletes, financial support for all field maintenance and batting cages, various clinics for athletes and spiritwear purchasing opportunities for students, staff, alumni and the greater WCHS community. Parents of athletes are strongly encouraged to join the Booster Club and take part in the effort to make every Churchill team the best that it can be!

For the past five years, WCHS Boosters have invested approximately \$100,000 annually in support of Winston Churchill Student-Athletes and the WCHS Athletic Department.
